You've successfully reported this review. However, arguments in favor of geometric or purely abstract painting were, at this time, largely confined to "little magazines" which had only tiny circulations. Another part lies in the other, often under-analyzed focus of this book: media and communication. Gender and Food Security. R Cheran. Investigated are the differences in the impact of local, regional, and foreign media, and various media organs--including newspapers, magazines, radio, television, video, and electronic media. Britta Ohm pursues a political anthropology of the media and has done extensive work to the Department of Communication. Retrieved 4 May
